RED CROSS APPEALS FOR HUNGARIAN FUND

The tragic suffering of the people of Hungary has caused every American to want to send help. This help has gone from the American Red Cross and it has been joined by other Red Cross societies throughout the world in rushing medical supplies, food, blankets, and other necessities to the stricken area. The Red Cross is the international agency that is now moving supplies into Hungary and supervising their distribution. As refugees poured into Austria, by the thousands, the Austrian government turned to the Red Cross to assume responsibility for the refugees. It is reported that more than 90,000 refugees have already crossed over the Hungarian border, and daily addition numbers pour into Austria. The needs continue to mount in Hungary as well as among the refugees who have escaped. The Red Cross must have additional funds to help meet the increasing need for food, medical supplies, clothing and other essentials.

There could hardly be a better way to show your Christmas spirit than by making a gift to these unfortunate people. Send or leave donations with your branch chairman, Vance Richardson, Bethel.

SHARE YOUR BLESSINGS

Hunger hurts...and today it is hurting more than half of the people in the world. Tiny children, their bodies only bones from malnutrition, seated around near-empty tables, fill their parents' hearts with despair. Some of these children have never known the contentment of a full stomach...they live with perpetual hunger.

Hunger hurts in almost every corner of the world.

In Greece, there are large numbers of war widows with children living on minute government doles of about 27 cents a day....

In India and Pakistan, with low incomes and relatively high prices, the people cut their food consumption down to starvation level, inviting tuberculosis and other malnutrition diseases....

In Korea, food is still needed by the resettlers. There has not yet been time for the land to be reclaimed and planted....

In Hong Kong, thousands of refugees have fled from Red China...many later migrated but of the two million who have remained, one million are classed as refugees....

In Europe, more than 80,000 Hungarians have become refugees in Austria....many are enroute to new homes....some are waiting to be resettled....and still others are coming.

They all need a helping hand in their time of need.

You can extend this helping hand....through the CARE Food Crusade. Each dollar to the CARE Food Crusade, Boston, or your local CARE office, will provide twenty-two pounds of nourishing food to "someone in need"....as a gift in your name.

Please care....and share your Holiday Blessings....through CARE.

A Civil Defense meeting will be held at the American Legion rooms next Wednesday evening, Dec. 12.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Now that snow is with us again we have the usual problem found in all towns having some cars parked on the highways at night. It is rather too much I believe to expect the snow plow crews to dodge around these cars. It is difficult particularly during a stormy night to avoid hitting them with some part of the plow or wing. For the safety of your cars please see that they are removed from the highway by eleven thirty. Arrangements have been made with Bennett's Garage to remove any cars found in the way after this time at the expense of the owners. We will appreciate your cooperation in this.

We wish to call attention of persons who plow driveways and yards. Snow should not be plowed onto the highways unless it is absolutely necessary, because of lack of space. The snow must then be pushed as far as possible to the roadside and no accumulation left on the traveled roadway or sidewalks as stated in the above section. Town forces have neither the time nor money to dispose of, or handle snow deposited by individuals on the traveled ways. Please cooperate, push it back as much as possible and thus leave a clean, clear roadway. Piles or chunks of packed snow scattered around may cause an accident.

Section 23 of chapter 137 of the 1954 Revised Statutes reads as follows: "Placing obstructions on any traveled road. Whoever places rocks, stones, snow, ice or other obstructions in such a manner as to obstruct traffic on a traveled road and leaves them there shall be punished by a fine of not more than \$10 for each offense, to be recovered on complaint, to the use of the town where the offense is committed."

Thank you,
O. T. Rosello

ANNUAL G. A. VESPER SERVICE SUN., DEC. 16

Gould Academy's Annual Christmas Vespers will take place on Sunday evening, December 16, at 8 p. m. in the West Parish Congregational Church. These Vespers are truthfully one of the most beautiful events here in town. As usual we hope that a large group of people will come and help us to get into the Christmas spirit.

The musical program will feature some of the most unusual Christmas carols, leaving the familiar music to the more commercial outlets. The church itself will be adorned with all the decorations applied by the Home Economics Department, plus the traditional candlelight, which this year will be supplied by electric candles, and battery operated imitation candles, which are almost indistinguishable from real candle-light. Herbert Morrison will read the invocation, to be followed by the first procession of hymns. The organ prelude will be played by Dawne Christie, who has the very important part of organist for all the music groups of this musical service. The Freshman Sophomore Girls will then sing two carols, the English "The Friendly Beasts" and "The over-familiar 'Bring a Torch, Jeannette, Isabelle.'" After Kent Taylor's Scripture Reading, the Junior-Senior Girls' Glee Club will sing "To Mary in Her Garden," "The Holly and the Ivy" and the old French "Chant Noel" in which Ann Douglas will be featured as a solo voice.

As usual, at Christmas time, the unadmitted quality of unchanged boys' voices seems to be most appropriate, and thus a picked group from the Crescent Park School here will sing "Saw Three Ships" after the reading of the Nativity Story according to St. Luke, by Ruth Willard.

The 17th century Echo Hymn, "While by My Sheep," will be sung by the Junior-Senior Girls and be echoed by the Freshman-Sophomore Girls, placed on the rear balcony of the church.

The Varsity glee club will feature an old German Christmas Story, called "Maria walks amid the Thorns," this arrangement is usually featured by the famous Trapp Family Singers. It will be sung first in its original German and later on in its English translation.

The sturdy hymn of "Good Christian Men Rejoice" sung in a Glee Club arrangement, will be followed by the ever-popular "Carol of the Bells." After the Benediction, given by Marjorie Morton, the Freshman-Sophomore Girls' Glee Club will use the second stanza of Brahms Lullaby, which is appropriate for the occasion. They will sing it in its original German. A literal English translation reads: "Good Evening, Good Night, Watched over by Angels, Who will show you the Tree of the Christ-Child in your Dream Sleep Blessedly and Sweetly, See Paradise in Your Dream."

The congregation will be asked to follow the Glee Clubs out of the church, while singing "O Little Town of Bethlehem." The poster publicly in town: Sandra Glendie and Sally Webber.

The following are members of the Boys' Choir from the Crescent Park School: Helmar McMullen, Tucker Heath, Allan Swan, Maynard Morgan, Greg Howe, Charles Mills, Ralph Jackson, Tim Hutchins, Dale Kimball, Harry Kimball, Jim Davis, Steve Anderson, Greg Glens, Al Gower, Dwight Gordon, Morris Waterhouse, Frank Swan, Tom Chadbourne.

BETHUEL VALUATIONS AND TAXES LISTED

As many Bethel people have been more tax conscious than previously during the past few weeks, it seems that a listing of valuations and taxes assessed will be of interest. This issue of the Citizen includes a complete list as recorded on the Town books. These figures of course are subject to change as supplementary taxes are charged and abatements may be granted.

The total valuation of \$3,917,510.89 this year is based on actual values and this is much greater than in other years, and also accounts for a lower rate of taxation. The 1955 valuation of \$1,869,000 gave a tax rate of \$72.00 per \$1,000, while the present valuation brings the rate down to \$26.40 per \$1,000. Naturally the total of taxes assessed must meet the appropriations approved by the voters, so the average tax will be some 11 per cent higher than last year.

The largest resident taxpayer is P. H. Chadbourne & Co., with a bill of \$3,797.70 and valuation of \$140,855.95. With associated Chadbourne companies and interests their valuation reaches \$332,500. Highest non-resident taxes are charged to the Central Maine Power Co., with the Portland Pipe Line Corporation a runner-up.

It may be of interest to note that exemptions granted to veterans and the blind amount to \$71,505, which would have given the town about \$170 in taxes or reduced the rate slightly.

See pages six and seven for the complete list.

To do this we must insist that accounts of week end events be in this office by the following Tuesday noon unless otherwise arranged.

GOULD ACADEMY

Gould Sid News

A new 40 meter jump has been constructed this year at the Gould ski area. Since the close of the football season Coach Paul Kelley and members of the ski team have been busy completing the construction of the new jump. This new jump plus the rebuilding of the old 30 meter jump are the most notable improvements in the ski facilities at the Gould ski area which now ranks as one of the best school ski areas in New England.

Though the new jump has not been used as yet the recent snow falls have made possible the use of the jump on the 10 meter hill located on the campus. Conditioning work for the team and limited cross-country workouts have been going on for some time.

About twenty boys are competing for team berths and working daily to mold the 1937 team. Captain of this year's team is Richard Saunders of Bethel. He is a veteran of last year's state championship Gould team.

The schedule for the Gould ski team has not been completed as yet. The first scheduled dual meet is set for January 12 with the Middlesex School of Plymouth, N. H. On January 19 a triangular meet is scheduled at Bethel with the Lyndonville, Vt., and the Kents Hill School.

BETHEL BOWLING

Three very good matches really made it a great week at the C.A.'s with the first round of the year's bowling coming to a close the week-end being getting rougher. The Vets took Central Alleys 1878-10-1412. Guy (Paint Bucket) Parker was high for the evening, and year so far, with a 256, for the Alleys Ken Delano had 208.

The A.P. and the Lions had a "split" good" one, 1404 to 1446, with the Lions on top. "Target Shooter" Wing was high with a 263. Stan "Clipper" Fox was 281 for the grocery boys.

Bennett's Garage and the Masons also had a close one, with the Masons on top 1218-1211.

In the grammar school, Jimmy Bartlett's team won over Tommy Chadbourne's. Frankie Swan was high for both teams with a 184. The winning team had two free strings apiece for the prize. It is hoped more of the youngsters will show up Saturday morning.

I'm sure it will be of interest for all the bowlers to know that a doubles tournament has been organized. Starting Sunday at 2 p. m. Hub Wheeler and Ken Delano are bowling the first five strings. Come on down and watch it.

Results:
Central Alleys 82 82 104-280

Training Course examinations will be held this Saturday, Dec. 8 at Lewiston High School. Three Gould Academy seniors will be among the numerous aspirants for the central Maine and taking these exams for the naval college program.

Boys' Dorm Party
The annual Boys' Dorm Party was held in Holden Hall Saturday evening, Dec. 1. The doors opened at 7:30 p. m. and for the next three hours the girls of Gould Academy were entertained in royal fashion as the boys presented a most interesting and varied program. The girls deserve much credit for the planning and co-operation that certainly was necessary to make the evening such a successful time.

First on the list of events for the evening was a well-planned scavenger hunt for the girls. Each girl was in competition with her classmates in an effort to complete the "must get" list for the hunt. Following the scavenger hunt the boys presented their variety show. This included the mellow tones of the Holden Hall double quartette, followed by an amusing skit in which the boys took the opportunity to jest with the faculty. The highlight of the evening was the performance of the Holden Hall Dixieland Band. This Dixieland combo was enthusiastically received by the girls who demanded encore after encore. In the wrestling match the fellow Colubus Russell defeated the Masked Marvel. Sandwiches, cakes and soft drinks were served in the library after the show. General dancing was held in the basement of Holden Hall which had been decorated for the occasion by the boys.

Jack Reid and David Fox served as co-chairmen and David Thompson was the faculty advisor.

Friday Night Volleyball
On Friday night a co-ed volleyball game was held in the Blagburn Gymnasium. The senior boys and girls challenged the junior boys and girls. What was expected to be a close contest turned out to be a rout, as the juniors handily defeated the upper classmen in three straight games.

Plans for such a contest between the freshmen and sophomores are being made and will be announced at a later date.

Greenwood City School News
The long expected snow has come. Every noon hour we slide on the hill by the school house. It has interested us to see how the deer play hide and seek with the hunters. Right in the field by the school house the deer tracked and dug for grass at night. Then day-times the hunters have been fearfully at plentiful. The deer went — The birds have come into our bird feeder. They are mostly chickadees and blue jays. — We took November's borders off and put up December's on Friday. — The spelling

ACROSS the DESK

From the East Oklahoma Tribune, Tulsa, Oklahoma: Like a giant, treadbare ball that's been pummeled unmercifully, the civilized world seems to be splitting at the seams.

Martin has been the Captain of one team, the satellites Uncle Sam has been calling signals for the Western power squad.

But now we find both sides breaking training rules in a single urge the players on both sides seem to have begun throwing dust in the eyes of their respective captains.

Poland and Hungary laid down the law to their Big Bear coach and he can no longer control their play perfectly, so he's trying other tactics.

John Bull and France called a special double and came up with fantastic plays, deliberately calculated to catch their trusting eastern unwares. On one end they they teamed together to run touchdowns for Israel, and in effect, became the aggressors to what may turn off disastrous losses.

Incidentally, these two team mates which Uncle Sam has trusted so faithfully, have diverted world attention from a losing Big Bear squad to this unheard of revolt against their captain and commander. If they lose the crucial game, it will be because they beat

themselves. They not only disregarded their captain's caution, but defied his coaching, brazenly. Deep down, Uncle Sam has spoiled his adopted brats as well as half the people of the crazily spinning universe. He's laded out billions to them, including some of the gear used in this new contest. Sadly, their gratitude has turned to deceit and scorn.

From the Dove Creek Press, Dove Creek, Colorado: Judging by news reports of automobile accidents, modern cars with their multi-hundred horsepower engines and super-scientific speed in strange ways to the temperaments of their drivers. Almost daily one reads "car left highway on curve, crashed into tree and killed driver." Or "car pulled out of traffic line without warning, struck oncoming car head-on—occupants of both cars dead." Or "car went out of control and rolled over bank into river—bodies not yet found."

Owners must be protected from the irresponsible actions of cars or it will soon be suicide to drive one of them.

One way to show your car you are boss when it shows signs of taking the "bit into its teeth" is to cut its feed supply and spur it with well adjusted brakes—that might teach it a lesson, if you have through the experiment.

TODAY'S Meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, December 6

Read John 3:13-17.

The words that I speak unto you, they are spirit, and they are life. (John 3:13)

When as a boy of thirteen I left my home in Sweden for America without any money or the language of the country, the last words of my mother as the train pulled out were: "Nela, remember Jesus; Nela, remember Jesus." Deep down those simple words have been rock-bottom wisdom. Here we see and meet God.

When I arrived at Ellis Island, no one there became my guardian. For eleven long days I had to be in prison, with no person who could understand me. My one comfort was my Swedish Bible. I read it and read it, and found God near in it.

May I make the personal confession that without the Bible I am quite lost. It is so much a part of my daily routine, that all life would be altered if the Bible were not being read. How can we ever thank God enough for such a blessing?

Let the Bible, therefore, be no problem but a power. Let it unite by its love, lead by its light, and save by its spirit.

Prayer

Our Father, we thank Thee for Thy Holy Word. May the Bible help make present Thy grace that our fear and darkness be driven out by Thy love and light. Through Christ, the Son of Thy love. Amen.

Thought For The Day

As Christ in God's love lived, so the Bible is God's love written.

—Nels F. S. Ferre (Tennessee)

Economic Highlights

Happenings That Affect the Future of Every Individual — National and International Problems Inseparable from Local Welfare.

There is a new "growth industry" in this country and its name is corporate philanthropy. While the nation is in the midst of a desperate time in serving to citizens, the thoughtful people are grasping as never before with the job of raising philanthropy's venture capital. These striking observations have been made by Keith Flanagan, president of the New York Flanagan Exchange, in a talk before the East Bethel (South Carolina) County Foundation.

Mr. Flanagan knows both sides of the philanthropic fence. As a college president in past times, he has "stormed the gates in money raising efforts." Subsequently, as a foundation trustee, a corporate director, and in his present position he has "been stormed." In his talk he traces the growth of our philanthropic efforts. There are some 5,000 foundations with assets of \$25 to \$100 billion, and they spend some \$100 million a year, not counting the "over" half-billion dollar Ford Foundation Grant to Colleges and Universities. The total donations by the American people to private philanthropies of all kinds has an astronomical \$45 billion a year.

What impetus lies behind giving on this vast and growing scale? Mr. Flanagan states, "The philanthropic boom has grown out of several troublesome, unpleasant facts about American life, and equally, out of the wonderful qualities present in the American character." Our economic advances have in some cases aggravated rather than removed social problems, including such diverse problems as juvenile delinquency, an educa-

tional system that is lagging behind our needs, and unconquered physical and mental diseases that are crowding the hospitals. Such problems require strong action—and this country's individuals and institutions are providing the wherewithal for that action.

The rise in corporate giving, as Mr. Flanagan shows, has been notable—and the participants include hundreds of thousands of smaller enterprises, no less than the big companies whose donations make the headlines. He finds that there are certain elements involved here that deserve mention. One is that businessmen have become honestly convinced of the need. Another is that they must have a healthy economic and political climate in which to survive and grow—and they know that if business fails to support worthwhile institutions, then the government will do the job, which would be one of the worst things that could happen to the private enterprise system. A third is that one of industry's most pressing problems is where to get tomorrow's trained manpower—are in financial trouble, and it is up to business to help eliminate the trouble.

Finally Mr. Flanagan makes the point that corporate aid is "not so much a duty as it is an opportunity." He then adds: "If our companies want more and expect more from the community—in terms of good will, trained people and a healthy climate they must give more. In giving, they must encourage our institutions to remain free while remaining accountable. They must encourage them to explore new ideas while questioning old ones. This I believe has been happening in America. We can hopefully expect that it shall happen still further."

Wishes Come True for Maine 4-H'ers

The perennial wish of Maine 4-H Club members—state honors and a trip to the National 4-H Club Congress in Chicago—came true this year for four teenagers whose 1956 records of performance were superior in the national 4-H Boys' Agriculture, Clothing, and Tractor programs.

For best performance in the 4-H Boys' Agriculture program, Robert Barker, 19, of North Leeds was named state winner. In addition to gaining a broader knowledge of agricultural practices, he instills in others a pride and respect for agriculture.

Throughout his seven years in 4-H work, Robert's various projects included 11 cattle, one and three quarters acre of corn, five pigs and 1,300 pullets and hens. One of his cows produced a record of 400 pounds of butterfat.

Besides doing her own sewing, she teaches younger 4-H members proper sewing technique. Although much time is devoted to her favorite project, clothing, she completed 29 others including canning, foods, home improvements, as well as junior leadership.

Sylvia made 163 exhibits and 10 demonstrations in addition to sewing as local 4-H club president and secretary. Frances Taylor is her club leader.

profits from which financed other projects.

He made 28 exhibits, 11 demonstrations and participated in 13 judging and 19 showmanship events, winning top honors in many. Robert served as president and assistant leader, deserving much credit for the rapid growth of his club, led by Mrs. Robert Grant.

Donor of his trip is International Harvester, which has supported 4-H work for more than 25 years.

Sylvia Wood, 17, of Bethel is now in her eighth year of Club work. As state 4-H Clothing winner, she is the guest of Coats and Clark at the Club Congress. Having a remarkable flair for making clothes, Sylvia has completed her wardrobe of 127 garments.

Judgment are important factors in getting the most out of the 4-H Tractor program, and Allen Gammon, 19, of Warren has all three. A week at Club Congress provided by American Oil is his reward. A driver for nine years, Allen learned that care is more important than repair for maximum tractor operation.

He completed four years in the tractor program, giving two tractor demonstrations. As the only boy in the family, Allen is responsible for most of the tractor work on the farm because his father is employed elsewhere. He also works for neighbors with his tractor. His mother, Mrs. Ervin Gammon is his 4-H leader. All these programs are conducted under the direction of the Cooperative Extension Service.

LOOK AT YOUR POULTRY BUSINESS WITH A CRITICAL EYE!

As a poultry producer, do you feel that you have reached a point where nothing more can be done to increase your margin of profit?

Maybe there is! December 11 at 7:30 p. m. in the meeting room of the Universalist Church, Pine St., South Paris. Frank Reed, Poultry Marketing Specialist, will present new thoughts concerning the "Business Aspects of Poultry Farming" and discuss management techniques and marketing methods used to obtain an expanded income for the poultry producer.

Can the individual poultry producer do anything about it? He sure can! So gather up your family, friends, or neighbors, and come to the special meeting on business and marketing management of poultry farms.

Many ideas and new angles will be presented at this meeting by the specialists. Also, the opportunity to swap ideas with poultrymen from all over the county will be enjoyed by all that attend.
